

POOL VEHICLE BOOKING SYSTEM (PVBS)

Argus Tracking integrates with Fleetwise Pool Booking System to make managing your fleet even easier.

POOLBOOKING
GPS LINKED

Efficiently book and manage your pool vehicles

Features:

- Simple, quick and easy bookings from web, mobile and booking kiosk.
- Invites and reminders added to your drivers' calendars.
- Automated pick up and drop off.
- Automatic cancellation of bookings.
- Running late and early returns notifications.
- Odometer and driver details syncing.
- Indepth reporting for utilisation, charging to cost centres and much more.
- Easily add vehicles to pool booking with a click of a button - you are in control!
- Rideshare to encourage carpooling to further increase efficiencies.
- Plus many others!

Benefits:

- This is the tool you should use to manage a pool fleet - not just an online calendar.
- Understand and downsize the pool fleet.
- Improve fleet utilisation and efficiency.
- Puts a stop to unnecessary or unauthorized travel.
- As used by the New Zealand Police, Ministry of Education, and Inland Revenue Department.
